### **Continuous Air Release Cum Vacuum Relief Valve ( 1" & 2" Plastic CARV)**

#### **Feature:**

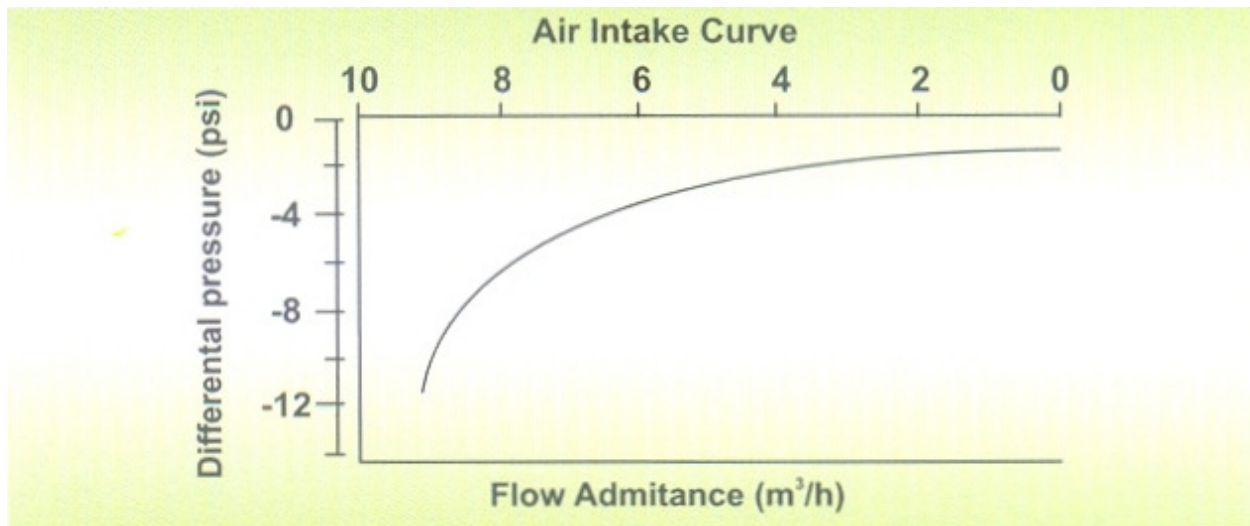

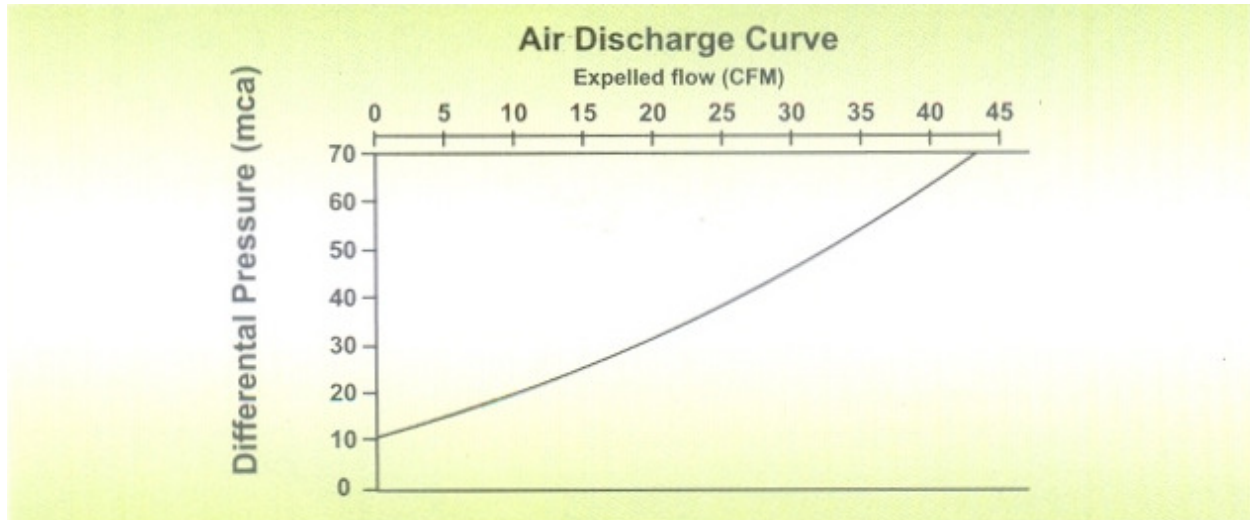

- Continuous Air Release / Vacuum Relief
- This product due to the presence of a specially designed seal & a low density float becomes water tight in both highly pressurized or no pressure conditions
- Facilitated the release of air which enters the pipeline during start up operation or is left over in the system
- UV Protected bright colour cap allows easy visibility
- Easy to install

#### **Specification:**

- Durable, weather resistant and non-corrosive reinforced polypropylene & Polyamide (Nylon)
- Maximum working pressure 5-175 PSI
- Seals at 5 PSI
- Available in 1" & 2"
- Threaded Elbow Outlet
