### **Pressure Relief Valve**

Oasis Pressure Relief Valve Salient Features:

- It is available in 2" BSP / NPT thread connection
- It is also available with cover
- It provides pressure surge protection for irrigation systems
- Adjustable pressure setting maximizes performance of individual applications
- It is made of High strength cast Aluminium body, stainless steel shaft offers strength & corrosion resistance
- It can be supplied with pre-set pressure or can be adjusted in the field
- Pressure relief setting from 22psi to 120psi
- Oil tempered spring provide responsive operation for individual pressure range

Applications:

- It is made to provide effective pressure surge protection for Aluminium & high pressure plastic pipe system
- These valves protect the system from damage caused by water pressure surges
